April 11, 2023

Dear Friends:

On behalf of the City of Chicago, I am honored to welcome all those gathered for the 2023 Global Cyber Security Initiative Conference.

Founded in 2016, the Global Cyber Security Initiative (GCSI), has worked to lead global innovation in cyber security, address areas of concerns for large businesses, and come up with solutions for future concerns. Over the years GCSI has forged partnerships with organizations including Illinois Institute of Technology, mHUB, IBM, and Association of Information Technology Professionals helping to catapult GCSI into the spotlight of Cyber Security innovation.

This year's conference will bring together industry professionals to network, learn, and inspire. With a full schedule of keynote speakers, discussion panels, and networking opportunities, attendees will gain the tools and resources needed to move the cyber security industry forward. I commend the Global Cyber Security Initiative and all those involved for their ongoing efforts to improve cyber security and foster innovation for highly regulated industries.

I hope your event is memorable and enjoyable. Best wishes for continued success.

Sincerely,

Lori E. Lightfoot
Mayor

Global Cyber Security Initiative
Chicago, Illinois

Dear all,

I want to extend my warmest wishes to you all during this joyful moment. I hope you take hold of these opportunities to reflect on your incredible work and continue to soar to greater heights as you continue to lead the world in global innovation surrounding cyber security.

To celebrate an occasion such as this is a significant milestone for any organization; all that the Global Cyber Security Initiative (GCSI) has accomplished throughout the years makes it even more special. Your longevity is truly a testament to the impact and relationships you have fostered through the years. I have no doubt your organization will continue to excel for years to come.

I commend everyone with GCSI and its co-hosts that worked on the today's events. I also, want to congratulate each of your award winners. Your hard work, dedication, passion, and leadership make our community and state a better place.

I am honored to join the commemoration of The Global Cyber Security Initiative's Third Annual Cyber Security Summit. On behalf of the people of Illinois, I offer my best wishes for an enjoyable and impactful event, and for many more great years ahead.

Sincerely,

Governor JB Pritzker

Dear Friends,

On behalf of Illinois Institute of Technology, I'm honored to welcome you to this year's Global Cyber Security Initiative (GCSI) summit.

The GCSI was founded to address the areas of concern outlined by the United States Securities and Exchange Commission and the Financial Industry Regulatory Authority. Since its creation, GCSI has successfully partnered with Illinois Tech, among other prominent cybersecurity voices, and emerged as a key innovator in the field.

This conference—where thought leaders, companies, researchers, and government come together to share ideas and collaborate to address today's critical cybersecurity challenges—is crucial in today's increasingly interconnected world.

At Illinois Tech, we're innovating to address these global cybersecurity challenges and push the field forward through cross-disciplinary thinking. The U.S. Department of Homeland Security and the National Security Agency have designated Illinois Tech as a National Center of Academic Excellence in Cyber Defense Education, and the university's Center for Cyber Security and Forensics Education (C²SAFE) is at the core of Illinois Tech's designation.

I commend the GCSI for its critical contributions to cybersecurity innovation, and I look forward to our continued partnership in the years ahead.

Sincerely,

Raj Echambadi

Welcome to the 2023 Global Cyber Security Initiative (GCSI 2023) annual conference.

I want to personally thank you for attending our 4th annual conference. Our theme this year is *Building Cyber Resilience – Surviving Threats Today And Tomorrow*. Our focus is on protecting digital assets through Cyber resilience, Compliance and AI, as well as cooperation and collaboration to reduce the overall risk of ransomware.

Our conference agenda is built around the value of engaged, peer-to-peer learning, fostering discussion and collaboration around critical Cybersecurity topics. Our keynote sessions will be led by 1871 CEO Betsy Ziegler, CISO of the year Walter Lefmann, Liad Wagman, Dean, Illinois Tech Stuart School of Business, Ed Marchewka, CIO of PriorHealth and Brian Yoshino, Cybersecurity Advisor, Region 5, CISA.

Our panel discussions will provide the opportunities to listen, learn, share real world issues and engage other attendees on thoughtfully curated topics and speakers. These panels include:
•   CISO panel discussing Cybersecurity and Compliance
•   Strengthening Cyber resilience in Healthcare, Insurance and Fintech
•   AI in Cybersecurity
•   Cyber Resilience discussion at board level

In addition, we are excited to explore advances from new technologies, such as AI, IOT, Blockchain and Cybersecurity, and additional risk factors in today's environment through our conversations.

GCSI's goal is to build connections between thought leaders, companies, and governments worldwide - this conference brings together around 200 professionals with leading researchers to collaborate on key cyber security topics.

GCSI is proud to bring you this new programming with the purpose of providing valuable and actionable information for the cyber security concerns of our attendees across many sectors.

Finally, my thanks to our sponsors and partners. It is your support that makes this possible.

We hope you enjoy this conference.

Thank you

Kasi Paturi
