

GCSI 2024

GLOBAL CYBER SECURITY INITIATIVE

**Cyber Risk & Regulations:
Surviving the Future**

OFFICE OF THE MAYOR
CITY OF CHICAGO

BRANDON JOHNSON
MAYOR

April 18, 2024

Dear Friends:

On behalf of the City of Chicago, I am honored to welcome all those gathered for the 2024 Global Cyber Security Initiative Conference.

Founded in 2016, the Global Cyber Security Initiative (GCSI), has worked to lead global innovation in cyber security, address areas of concerns for large businesses, and come up with solutions for future concerns. Over the years GCSI has forged partnerships with organizations including Illinois Institute of Technology, mHUB, IBM, and Association of Information Technology Professionals helping to catapult GCSI into the spotlight of Cyber Security innovation.

This year's conference themed "Cyber Risk & Regulations: Surviving the Future" will bring together industry professionals to network, learn, and inspire. With a full schedule of keynote speakers, discussion panels, and networking opportunities, attendees will gain the tools and resources needed to move the cyber security industry forward. I commend the Global Cyber Security Initiative and all those involved for their ongoing efforts to improve cyber security and foster innovation for highly regulated industries.

I hope your event is enjoyable. Best wishes for continued success.

Sincerely,

Mayor

OFFICE OF THE GOVERNOR

207 STATE HOUSE
SPRINGFIELD, ILLINOIS 62706

JB PRITZKER
GOVERNOR

Greetings,

As Governor of the State of Illinois, I am pleased to welcome everyone gathered for the 5th Annual Cyber Security Summit hosted by the Global Cyber Security Initiative (GCSI). This occasion offers an exciting opportunity for everyone in attendance to join fellow members of your association and generate ideas that implement solutions. I commend the work you have done to help make Illinois a stronger and more enjoyable state.

GCSI's commitment to cyber security through partnerships with Illinois government entities and organizations such as the Illinois Institute of Technology continues to demonstrate their dedication to ensuring the safety of our communities. Illinois is proud to have enjoyed your service to our state. As you reflect on your accomplishments, I urge you to make plans for the future of your association that will build on your past successes. I am grateful for all the ways your organization has supported a strong future for Illinois and I look forward to watching all that you will accomplish as you strive to create change.

On behalf of the people of Illinois, I offer my best wishes for an enjoyable and memorable occasion.

Sincerely,

A handwritten signature in black ink, appearing to read "JB Pritzker". The signature is stylized and cursive.

Governor JB Pritzker

Welcome to the 2024 Global Cyber Security Initiative (GCSI 2024) annual conference. I want to personally thank you for attending our 5th annual conference. Our theme this year is Cyber Risk & Regulations: Surviving the Future. Our focus is on protecting digital assets through Cyber resilience, Compliance and AI, as well as cooperation and collaboration to reduce the overall risk of ransomware.

Our conference agenda is built around the value of engaged, peer-to-peer learning, fostering discussion and collaboration around critical Cybersecurity topics. Our keynote sessions will be led by **Foley & Lardner LLP, Partner Aaron K. Tantleff and Stuart McClure, CEO, Qwient AI**. There are two **fireside chats**, one with CISO of the year **Darin Hurd** interviewed by **John Lothian**, Chairman of John J. Lothian & Company, Inc and another one with **Charles Herring**, CTO of Witfoo interviewed by **Laszlo Gonc**, CEO of Next Era Transformation Group.

Our panel discussions will provide the opportunities to listen, learn, share real world issues and engage other attendees on thoughtfully curated topics and speakers.

These panels include:

- CISO panel discussing Information Security Roadmap
- Strengthening Cyber resilience in Healthcare, Insurance and Fintech
- BISO/vCISO role in the organizations
- CxO panel will discuss several critical topics relevant to senior executives in the context of cybersecurity and regulatory compliance at board level

In addition, we are excited to explore advances from new technologies, such as AI, IOT, Blockchain and Cybersecurity, and additional risk factors in today's environment through our conversations.

GCSI's goal is to build connections between thought leaders, companies, and governments worldwide - this conference brings together around 200 professionals with leading researchers to collaborate on key cyber security topics.

GCSI is proud to bring you this new programming with the purpose of providing valuable and actionable information for the cyber security concerns of our attendees across many sectors. Finally, my thanks to our sponsors and partners. It is your support that makes this possible.

We hope you enjoy this conference.

Thank you

Kasi Paturi

Chairman
GCSI 2024

GCSI Annual Conference

8:45 – 9:00 am - **Welcoming Remarks-Anita K. Krug, Dean**, IIT Chicago-Kent College of Law

9:00 – 9:50 am - **Distinguished Speaker – Aaron K. Tantleff**, Partner, Foley & Lardner LLP
